Real Wax Pillars

Our Wax Pillars add instant ambience to any setting. This real wax, battery-operated line of flameless candles delivers lifelike flicker and glow and a realistic faux wick that creates the illusion of a traditional candle even when not illuminated.

Real Wax Pillars

As if perfectly mimicking a real pillar candle was not enough, these candles also feature a **programmable timer** and an **unprecedented battery run time**.

Realistic
Nobody likes a cheap imitation with visible light bulbs. SternoCandleLamp® Flameless Candles have a patented Realistic Wick Design, meaning they look just like traditional candles, whether on or off.

Programmable
The Programmable Timer gives you the freedom to customize your candle to turn on/off at the same time every day. Candles can be programmed to stay on for 1-23 hours.

Battery Operated
The candles above run on two 'C' batteries, and will provide up to 1,500 hours of candlelight. Simply replace the batteries when necessary, and enjoy these candles for many years to come.

MyLamp Pro Mobile App

MyLamp Pro mobile app from SternoCandleLamp allows foodservice professionals to preview lamps prior to purchasing. You simply start by taking a picture with your iPhone or iPad of an actual table setting in your establishment. After taking the picture, the MyLamp Pro app allows you to place a lamp of your choice on the photographed table setting. The end result is a picture of your table setting with a table lamp on it. You are able to preview over 200 different lamp styles to see how they will look in your establishment.
